ST. ANTHONY'S MEDICAL CENTER

- ▶ Four-storey building complex
- ▶ 200 bed capacity medical center (to start with 50 beds)
- ▶ State-of-the-art facilities
- ▶ Complete and modern laboratory and diagnostic equipment
- ▶ Medical Clinics for Medical Specialists

VISION STATEMENT

To be one of the leading medical and surgical tertiary care hospitals in Region 6.

- ▶ The SAC Medical Center will be the choice of every Antiqueño; delivering to them leading-edged, patient-centered quality services.
- ▶ The SAC Medical Center will maintain the highest Medical, Safety and Ethical Standards; Sense of Responsibility and Fairness in dealing with the clientele, employees and communities that it will serve in a culture of continuous learning and improvement.

MISSION STATEMENT

The St. Anthony's Medical Center aims:

- ▶ To provide accessible and affordable basic and specialized health care for all people from all walks of life.
- ▶ To deliver medical care using the most advanced and state-of-the-art medical technologies.
- ▶ To provide a complete range of health care services from the basic to the most complex ones.

MISSION STATEMENT (cont.) . . .

- ▶ To provide quality and compassionate medical care through competent and committed medical practitioners.
- ▶ To maintain effective human resources through a competitive recruitment process and an effective training and development program.
- ▶ To undertake research activities that will contribute to the good of the medical and other applied professions.
- ▶ To serve the community through its welfare programs and other outreach activities.
